DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 and 13-27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest to one of ordinary skill in the art, in conjunction with all the other limitations of the claims:

With respect to claim 1 and all its dependencies:

- The radial area of the cue component comprising a sub-area of non-detectable material that is located at a first predefined radius from the center of the radial area wherein the sub-area represents a start bit to indicate a start location from which the code should be read

With respect to claim 9 and all its dependencies:

- A method to determine a value from a two-dimensional identifier that is applied to an object when it is placed adjacent to a surface of a surface sensing system and determining an object identifier that is associated with the value of the two-dimensional identifier

With respect to claim 22 and all its dependencies:

- An interactive display surface with an interactive side adjacent to where an object with a two-dimensional identifier can be placed and having an opposite side wherein a light sensor that receives and sensed IR light that is reflected back from a patterned object through the interactive display
